

Please, withdraw the FCC Petition. I am going through enough terrible "punishment" with these banks who bombard the credit agencies and lower my FICO score, send unsolicited preapproved requests to my house, send preapproved offers to my house for my exhusband who has never lived there and who owes me \$30,000 in back support, send preapproved offers of charge cards to my 13 and 16 year olds, and who tell me I have to wait several months to be "taken off their list" when I have to spend the time to contact them in writing. I don't have the energy or sanity to combat these leeches on the phone who will not take a polite No for an answer and who will call me consistently every week or two. That is how I was treated before being on the do-not-call list.
